

## LATEST NEWS PAGE:

We are now fully open, Sunday to Friday 11am until 5pm. Last exhibition entry half an hour before closing time.

We require that all customers wear protective gloves which will be available at the door if required. Face masks are obligatory and we can accept both cash and card payments.

Traffic is being strictly controlled in parts of Mevagissey but customers unable to walk from the car parks may be dropped off outside the premises and collected afterwards.

## CHINA CLAY:

We have several dozen Hornby china clay hopper wagons and Bachmann china clay hood wagons which had been stored for possible future use. We are selling the hopper wagons for £23 and the hood wagons for £16. These are not currently available models and when they are gone they are gone!

We also have some 00 and N scale stock from a model shop that closed, still at the prices from 3+ years ago, some of which is no longer generally available, including the ready made buildings.

## SECOND HAND:

Our shop is now chock full of 2<sup>nd</sup> hand locomotives, carriages and wagons! Many of the locos are from the immaculately kept collection of a former railwayman and some of them have hardly been out of their box.
